

Drop-in clinic disruptions

Despite the cancellation of the week-long New Zealand Nurses Organisation (NZNO) strike, our drop-in clinics will remain closed from **7am 2 December until 7am on 9 December**.

This closure was a planned part of the strike. Unfortunately, we cannot reinstate our drop-in clinics at such short notice as our busy staff are already fully committed during this time.

Please note that all other Plunket services, including Well Child appointments, will continue as normal.

We apologise for any inconvenience this may cause.

To speak to a Plunket nurse 24/7 call PlunketLine free on **0800 933 922**.

For appointments and general enquiries, call us on **0800 184 803**.
